One of the ... sufficient ... the ... following ... the town ...

... is one 2609 of the total population ... the form be made a town municipality. The ... economic and commercial conditions ... them on the credit side. The recent ... has added to the importance of the town ...

	a town to be constituted as a Municipality Municipality as a special case, in view of its importance. It has a large floating population and its situation in close proximity to the Kolar Gold Fields and its being an important Railway Centre has made it one of the largest towns in the State. There is public spirit among the townspeople which is not unappreciable. The public interests of the present Constitution - Village Municipality - would be advantageously served if it continued as a Town Municipality.		
Mysore	The population of Chintamani town is given in the Census tables, showing the population of the present Village of Chintamani and that of Nekkundi which is practically part & parcel of Chintamani town. The population of Nekkundi is 779. The town area is 1 square mile. The town is the headquarters of the Taluk and the Taluk Cutcherry. It may be continued to be a Town Municipality.		
Mysore	At the time the Census was taken the town was infected with plague & the population has not been properly enumerated. The present population of the town is reported to be over 5000, the limit prescribed for a Town Municipality. The town has been a Municipality since 1911. It may therefore be continued as a Town Municipality.		
Mysore	This is a non-regulation Municipality. It may be converted into a Minor Municipality as its funds are too low. The Bill makes no provision for the question of constituting it a Town Municipality - may be considered later.

Municipality above 2000. Special Case for Orillia	This town is the H Qrs of the District and has been a Municipality for a long time. If this is established on the Round of its population being less than 2000, there will be no Municipality for the whole District. In point of population, it is below the prescribed minimum by a very small difference and it is quite likely that the present population of the town by reason of its 2000, of not more. The Inl Dpt are desirous that the Municipality should not be discontinued. The town may therefore be continued as a Minor Municipality

Sir,

With reference to your letter No. 1-8 L.S.G.1-18-1 dated 16th January 1917 inviting reference to para 5 of G.O.No.3005-55 M.L.132-16-1 dated 16th November 1916 on the scheme of the development of Local self Government, I have the honor to state as follows:-

(1) None of the nonregulated Municipalities referred to in the list enclosed to your letter under reply is so very important as to be converted into Regulation Municipalies. The Town of Shimoga alone has got the required population to be entitled to be a town Municipality, Shikarpur which is already a Regulation Minicipality, Sagar which is the Head quarter of a Sub-division Officer and Channagiri which has got a population of 4166 may be treated as Town Municipalities, the more complex provisions of the Regulation being declared inapplicable to them. All the remaining Taluk Head Quarters and also Nyamthi which is a nonregulation Municipality now may be considered as minor Municipalities.

As regards the last question , I reccommend that Shiralkoppa and Benkipur may be classed as minor municipalities, The former being situated midway between Hirekerur and Shikarpur is rising in importance in trade and in your letter No.112/M.L.4-06-13 dated 15th February 1917 it has been ordered to be converted into a minor Municipality The latter is also an important Union connected with the Railway Line. It has a population of 2876 and the house and other taxes collected therein 1915-16 came to Rs 1103/-

A statement classifying all the Municipalities in the

the District as per new scheme is enclosed.

Sir,

Adverting to your letter No 1-8/L.S.G. 1-16-1 dated 16th January 1917, regarding the constitution and classification of Municipalities, under the scheme for the Development of Local Self-Government in Mysore, I have the honor to forward herewith a statement showing the proposed classification of the Municipalities, in the Kolar District with reasons for each recommendation.

Goribidnur	1. Manchenahalli	2617.
	2. Hosur.	2982.
	3. Idagoor.	2099.
Malur	4. Masthi.	2045.

2. Regarding the constitution of Unions with a population of over 2,000 as Minor Municipalities, I beg to state that there are only the marginally noted four Unions in this District which come under this category. I do not think

it expedient to constitute them into Minor Municipalities. as there is not sufficient public spirit in these villages and they would not be self-supporting if they are made into ---- Municipalities. In the interests of these villagers, it will be better for them to remain as Unions enjoying the benefits accruing from an organised control of the District Board. rather than become isolated Municipalities without sufficient income to answer the local needs.

I have the honor to be,

Sir,

Your most obedient servant,

Deputy Commissioner,

Kolar District.

	Chintamani Contd.					The population of Nekkundi is over 2609 and the total population of the town comes upto 5179. The town can therefore be made a Town Municipality. The town is growing in importance both in point of economic and commercial conditions and the Municipal income has always been on the credit side. The recent advent of the Kolar District Board Railway has added to the importance of the town. It may be continued to be a Town Municipality.
5.	Mulbagal	2677	Regulation Municipality	Minor Municipality	Town Municipality.	At the time the census was taken, the town was infected with Plague and the population has not been properly enumerated. The present population of the town is reported to be over 5000, the limit prescribed for a Town Municipality. The town has been a Regulation Municipality since 1911. It may therefore be continued as a Town Municipality.
6.	Bowringpet	2908	Regulation Municipality	Minor Municipality.	Town Municipality.	This town was constituted as a Regulation Municipality as a special case, in view of its importance. It has a large floating population and its situation in close proximity to the Kolar Gold Fields and it-s being an important Railway centre has made it one of the important towns in the State. There is sufficient public spirit among the townspeople and the Municipal income is not inappreciable. The public feeling is for the continuance of the present constitution. To reduce it to a minor Municipality would be a retrograde step. The town may be continued as a Town Municipality.

Office of the Deputy Commissioner

Mysore, dated 23rd M a r c h 1917

From

K. Matthan, Esq., B.A.,
Deputy Commissioner, Mysore District

To

V.R. Thyagaraja Iyer, Esq., M.A.,
Revenue Secretary to the Government of Mysore,
on special duty, Bangalore.

Sir,

With reference to your letter No.1-8/L.S.G.1-16-1 dated 16th January 1917, calling for certain particulars regarding the classification of Municipalities under the scheme for the Re-organization of Local Self Government in Mysore, I have the honor to state as follows -

1. Of the three non-regulation Municipalities in this district mentioned in the statement received with the above, that of French Rocks may be constituted into a Minor Municipality. As regards Yedatore, the members of the Municipal Board and towns-people take very little interest in the Municipal administration, especially as the existing town will have to be abandoned in the near future and a new town formed elsewhere. In these circumstances the Municipal Board of Yedatore may for the present be replaced by a Village Panchayat. As regards Heggadadevanakote, the income of the Board is very small and there are no means of improving it. This non-regulation Municipality may also be converted into a Village Panchayat, so that the District Board may be in a position to render some financial aid for the improvement of the town.

2. The remaining non-regulation Municipalities may all be made Minor Municipalities, under the new scheme.

3. Of the regulation Municipalities now existing, those at Chamarajanagar, Nanjangud, Seringapatam and Malavalli fulfil the conditions as regards population for the formation of Town Municipalities. The Chamarajanagar Municipality consists really of two divisions, viz, Chamarajanagar Town proper and the village of Ramasamudram These two are separated by a distance of about a mile and half. Chamarajanagar is a place of some trade-

and the Head Quarters of the Taluk and partakes of the character of a town, while Ramasamudram is purely an agricultural - village. The population of Chamarjanagar is 6575 and that of Ramasamudram is 4396. There are constant complaints from the - people of Ramasamudram that very little of the Municipal income is spent on Ramasamudra. The interests of the two parts of the present Municipality not being common, I propose that - Ramasamudram may be separately constituted into a minor Municipality. Chamarajanagar by itself is of sufficient importance to be made into a Town Municipality. Nanjangud and Seringapatam are also important towns with sufficient population and - public spirit to justify their being constituted into town --- Municipalities. Malavalli has a population of 5461, but its - trade is insignificant and people of public spirit are also -- not many. It may in my opinion be constituted into a minor Municipality. The hamlet of Anchedoddi attached to this Municipality is at a distance of about a mile and half from the town and there are constant complaints from the residents of this purely agricultural village that the inclusion of their hamlet within the Municipal limits constitutes a great hardship. I therefore propose that this hamlet may be excluded from the - limits of the Municipality.

4. The remaining regulation Municipalities are Hunsur, T. Narsipur, Mandya and Bannur and Maddur and Melkote. Of these T. Narsipur has the village of Algodu attached to it. This --- latter is also a purely agricultural village and the villagers are constantly complaining that its inclusion within Municipal limits is a great hardship. The members of the Municipal Council of T. Narsipur whom I consulted, were also of opinion that this village may be excluded from the Municipality. All these Municipalities may be reduced to the status of minor Municipalities.

5. The following Union Panchayats may be constituted - into minor Municipalities.

Name.	Taluk	Population.
1. Arakere	Seringapatam	4155
2. Mugur	T. Narsipur	4112
3. Saragur	Heggadadevankote	2471

Further the Inam village of Belakavadi in the Malavalli Taluk which was recommended in this office No. 199 dated 2-9-1914 to be - made into a Union may also be constituted as a minor Municipality as it has a population of over 4,000 and is important in other respects

A statement showing the classification of the several Municipalities under the new scheme is herein enclosed.

I have the honor to be

Sir

Sir

With reference to your letter No. 1-8/L.S.G.1-16-1 dated 16th January 1917 calling for information on certain points in para 5 of Government order No. 3005-55M1 132-16-1 dated the 16th of November 1916, I have the honour to state as follows.-

Para 1. In the matter of converting Mudigere and Koppa Municipalities which have a population of less than 2000 into Regulation Municipalities, the Municipal Board of Koppa are of opinion that Koppa is a Taluk Head Quarter of sufficient importance and they are prepared to take up the work of water-supply, drainage and Town-extension schemes, irrespective of the population, the same

may be converted into a Regulation Municipality for purposes of framing necessary byelaws for the above and other improve-ments of the Municipality. On the other hand the Municipal Board of Mudigere are of opinion that as the population and the income of the Municipality is not sufficiently large and as there are no means open to increase the resources for the present, it may be continued as a non-regulation Municipality Copies of their resolutions are herewith submitted.

Their proposals may be approved.

Para2 . Out of the remaining non-regulation Municipalities in the District, Kadur being a Taluk Head Quarter rising in importance it may be fittingly brought under the Regulation

Para 3. Out of the Regulation and non-regulation Muni-cipalities Chikmagalur and Tarikere are sufficiently importa to be classified as Town Municipalities. They contain a population of more than 5000 each . As the Head quarter of the District Chikmagalur forms the chief centre of commer-cial and other activities.

Tarikere is also of equal if not greater importance as it is the Head Quarters of the Taluk connected with the Railway and tram-way lines.

The resources of these two Municipal Towns are sufficient and are capable of further being developed.

Para 4. Out of the existing 9 Unions in the District, there are 3 Unions containing a population of more than 2000, Viz., Marle in the Chikmagalur, Taluk, Ajjampur and Sivane in the Tarikere Taluk. Marle Union consists of 3 or 4 dakale -- villages lying within a radius of ½ to ¾ mile. Ajjampur was a non-regulation Municipality before the introduction of Local Board Regulation. Sivane Union is also of sufficient importance.

As the resources of the Unions may be improved by the revision of Mohatarfa, they may be constituted into non-regulation Municipalities.

A statement classifying all the Municipalities in the District under the new scheme is herewith submitted.

Sir,

With reference to your letter No° 1-8 Dated
L S 91-16-1
the 16th January 1917 Calling for certain particulars about the Reconstitution of municipalities as per recent orders of Government on the Local Self-Government Scheme, I have the honor to state as follows -

1 The population of Nelamangala given in the Statement received with your letter is based on the Census figures As the town was evacuated on account of plague at the time of the Census, the figures given in the Census report does not represent the ordinary normal population of the town which exceeds 3000

The

The town may therefore be classed as a minor municipality

2 None of the present non-Regulation Municipalities is unfit to be brought under the Regulation, either as a town or a minor municipality

3 Out of the municipal towns in the District, Channapatna, Doddballapur, and Devanhally which have a population of over 5000 may be classed as Town municipalities and the rest as minor municipalities

4 Among the existing unions Ullalsandra (Bangalore Taluk), Sulebele (Hoskote Taluk) and Dommasandra (Anekal Taluk) which have each a population of over 2000 and which had originally been Municipal Towns may be made minor Municipalities under the Regulation as resolved by the District Board at its meeting held on the 27th Instant

A Statement showing the classification of the existing and proposed municipalities is herewith attached as desired

Sir,

Adverting to your letter No. 1-8 L.S.G. 1-16-1 dated the 16th January 1917 directing me to furnish certain information regarding the constitution and classification of Mucicipalities under the Local Self Government Scheme I have the honour to state as follows -

(i) Kunigal town was infected by plague in 1911 and consequently the population thereof was 1405 according to the census of that year as most of the people had camped out in the Becharack village of Krishnasagara and other places. As per Khaneshumari account of 1915-16 the population of Kunigal is 4749 and considering this as a standard figure it may be converted into a Regulation Municipality.

(ii) At present Tumkur and Gubbi are Regulation Municipalities, and the remaing 8 including Kunigal are nonregulation Municipalities and all of them are fit to be brought under the Regulation.

(iii) Out of the existing 10 Municipalities Tumkur, Gubbi, Chiknayakanahalli, Sira, Maddagiri, Tiptur and Kunigal may be classed as town Municipalities although the population of the last three comes below the prescribed minimum considering the fact that they are growing in importance.

6. There are some Unions which contain a population of more than 2000, but they are not, in my opinion, fit at present to be constituted

constituted as Minor Municipalities as their income is considerably low and if their financial position is improved later on by showing at least an income of Rs.2000/- separate proposals will be submitted regarding them.

3 A statement classifying all the Municipalities under the new Scheme is herewith submitted.

	Arkalgud (Non Regulation)	Taluk Head Quarter Union Regulation Municipality	is 6862 i.e. more than the prescribed minimum for a Town Municipality
8	Alur (Non Regulation)	Do	At present the Villages of Alur and Morasu with a population of 988 and 786 respectively have been treated as a Non-Regulation Municipality. A big weekly Shandy is held on Alur and is likely to grow in importance with the proposed extensions and has a good income
9	Hansbally Union	Union Regulation Municipality	Formerly these were Non Regulation Municipalities and they were converted into Unions under Government Notification No 30- Pages 4-03 dated 9th September 1903, for the reason that they are not Taluk Head Quarter towns and did not possess the requisite population of 3000 for being Continued as a Municipality. All these Unions Contain a population of more than 2000 which is the minimum prescribed for Converting into a Union Regulation Municipality and they all are busy places Hence they may be Converted into Union Regulation Municipalities. The remaining two Unions viz Bagavara and Honavar though they Contain a population of more than 2000 are not yet fit to be Classed as Union Municipalities as they are decaying towns with very little Assets.

Sir,

In continuation of this office letter No.197 dated 26th March 1917 proposing the continuance of Mudigere as a Non-Regulation Municipality in accordance with the resolution of the Municipal Board, I have the honour to state that during my recent visit to Mudigere, I took the opportunity of explaining to the members of the Municipal Council the object of the introduction of the Local Self Government Scheme and its usefulness. They have all agreed to the constitution of Mudigere into a Municipality under the Municipal Regulation of 1906. Mudigere being the Head Quarters of the Taluk rising in importance, I am of opinion that it may be fittingly brought under

under the Municipal Regulation. Although the resident popu-lation is less than 2000, the floating population within the Municipal limits during the greater part of the year is -- appreciably large.

2. With regard to the Unions proposed to be constituted into Non-Regulation Municipalities, I have the honour to state that as it is directed in para 3 of Government Order No. -- 6879-904 L.B. 104-16-2 dated 28-4-1917 that hereafter there will be no Municipality outside the purview of the Mysore Municipal Regulation. I beg to suggest that these Unions may be constituted into minor Municipalities under Chapter XIV of the Municipal Regulation.

Draft Notifications in English and Kanarese defining the boundaries of these Municipalities will be submitted for approval.

I have the honour to be,

for the classification of Municipalities and recommending that Yedatore and Heggadadevanakote Municipalities may be disestablished and constituted into Village Panchayats

Order Mfd 6 mil 14-4-16 9/17-5-17

The recommendations of the Deputy Commr are accepted except in the case of Yedatore and Heggadadevanakote.

2. Govt are of opinion that Heggadadevanakote and Yedatore which are Taluk Head quarters towns and which have not been non-Regulation towns within the limits of Municipal Administration for a long time, may continue to be Municipalities and they may continue to be Municipalities and be brought under the provisions of the Municipal Regulation. The Deputy Commr is therefore requested to reconsider his recommendation to constitute these two towns into Village Panchayats
